ABOUT US

Valley Osteopaths is a successful, established Osteopathy practice. Since opening in 2018 it has been steadily growing with an excellent reputation in the area.

Why are we recruiting? After a bereavement owner Melanie went part time but the clinic is still busy enough for a full time list. Melanie has decided she needs an associate help meet the patients needs.

You'll be sharing a clinic room, but Melanie can be with you as much or as little as you need whilst you grow in skills & confidence.

We are based in the gorgeous Yorkshire village of Marsden in the Pennines. There is loads to do locally with walks, biking, climbing etc. but, Huddersfield, Manchester & Leeds are not far away.

Valley osteopaths has a reputation for helping the local community through honesty, results & caring.

The right person will have a wonderful opportunity to work & learn alongside an osteopath with a reputation for excellence and kindness.

We look forward to hearing from you.
